

RIPE

Purposes of the RIPE Database in the 2020s and Beyond

Summary

- Pre-recorded presentation released last week
- Follow on from work of DBTF
- Last community consensus on purposes was in 2011
- Have purposes evolved over last 10, 20, 30 years?
- Have stakeholders changed or diversified?
- Do we need a policy dedicated to the RIPE Database?

Next Step?

- Need input from as many stakeholder groups as possible
- Put everything on the table for discussion
 - What does the RIPE Database mean to you?
 - What does it do for you?
 - What do you use it for?
 - Is it helpful or essential for your work?
 - What else could it do for you?
 - What info do you need it to contain?
- We need a new consensus on what this product and service is in the 2020s and beyond
